

Name: Rath

One-line Introduction: Rath is the Omnitrix's DNA sample of an Appoplexian from the planet Appoplexia.

Appearance: Rath resembles an orange and white bipedal tiger with one black claw coming out of each wrist and no tail. He is muscular and has green eyes and black stripes on his shoulders, head, legs, and upper body, as well as a white jaw, neck, chest, stomach, hands, and feet. The original Omnitrix/Ultimatrix is located in the center of his chest. In **Heroes United**, fur stuck out of Rath's arms, legs, chin, and head, and his muscles had protruding veins when using his strength. In the **Omniverse** intro and **It Was Them**, Rath looked similar to his **Alien Force** and **Ultimate Alien** appearance, but was more muscular, with longer and more pointed eyebrows, and darker fur. For the rest of **Omniverse**, Rath has black eyebrows and yellowish teeth. In **The Secret of Dos Santos**, Skurd fixes the Omnitrix error that made Rath naked by giving him an outfit similar to that of a luchador (a Mexican masked wrestler). Rath's luchador outfit has a green and black color scheme, consisting of black boots, black gloves, and a luchador mask. Rath's claws are now greyish-silver instead of black, and the Omnitrix is now on his luchador belt. Negative Rath in **Alien Force** looked exactly like Ben's Rath but had red eyes and a red Ultimatrix symbol. In **Ultimate Alien**, Negative Rath lacked an Ultimatrix symbol. In **Omniverse**, Negative Rath looks mostly the same as Ben Prime's Rath except his fur is recolored white, his stripes and skin are recolored dark pink, and his eyes are recolored red. In concept art, Negative Rath is naked yet wears a red Ultimatrix on his chest. In **Malgax Attacks**, Negative Rath has clothing similar to the one Ben Prime's Rath gains in **The Secret of Dos Santos**, but he lacks the mask and the tank top, and wears black shorts, red gloves and boots, a red belt with the Ultimatrix symbol on it. Mad Ben's Rath has darker fur, orange eyes, and a hairstyle like his human form. He also has Mad Ben's Mad Max style silver plates with orange spikes on his shoulders, lower arms, and calves. The Omnitrix symbol is on a black panel on his chest and is colored orange. He is also slightly thinner than Ben Prime's Rath.

History: Rath first appeared in **Con of Rath**, where he was accidentally unlocked by Prince of Lewoda, and Ben remained as said transformation until Zaw-Veenull and Cicely took the Prince away at the end. Ben then transformed into him a second time, telling Kevin that "Rath wanted a word with him". In **Primus**, Azmuth as Rath was defeated by Vilgax. In **Above and Beyond**, Rath defeated Manny. In **Vendetta**, Rath battled some Forever Knights. In **The Final Battle: Part 1**, Negative Rath jumped out of the Rustbucket 2 to find Max. In **Fame**, Rath was seen on TV. In **Duped**, Rath spoke to Gwen on the phone and destroyed the Forever Knights' Plasma Beam Tank. In **Hit 'Em Where They Live**, Rath defeated Rojo and her gang. In **Hero Time**, Rath was beaten by Captain Nemesis in a race. In **The Big Story**, Rath defeated SevenSeven. In **Prisoner Number 775 is Missing**, Rath failed to stop Prisoner 775 from escaping in a stolen Plumber Ship, but was able to make it crash by taking pieces of the ship apart. In **Greetings From Techadon**, Rath defeated a Techadon Robot. In **Double or Nothing**, Negative Rath battled Echo Echo but was defeated when the latter went Ultimate. In **Ben 10/Generator Rex: Heroes United**, Rath saved Diane Farrah and her cameraman before Rex unsuccessfully cured him under the impression that Rath was an EVO. Later, Rath was defeated by Alpha. Also, Rath appeared as one of the many aliens when Ben was explaining his story to Rex. In **A Knight to Remember**, Rath fought the Flame Keepers' Circle members but failed to stop them from escaping in a truck. In **Inspector #13**, Gwen as Rath defeated several Techadon Robots. In **It Was Them**, Rath battled Dr. Animo's mutant ants. In **Of Predators and Prey: Part 2**, Rath fought Zed and was defeated by Khyber. In **Many Happy Returns**, Rath saved Madison from a burning building. He then went back in to find her doll before being saved by Gwen and Kevin. In **Gone Fishin'**, Rath saved himself, Rook, and Max from a waterfall. In **The Frogs of War: Part 1**, Rath destroyed an Incursean Space Fighter. In **Food Around the Corner**, Rath defeated Poltroon. In **Return to Forever**, Rath defeated Tummyhead. In **Something Zombozo This Way Comes**, Rath battled the Circus Freak Trio, who eventually defeated him and shot him out of their cannon. In **Catfight**, Rath tried to fight Nyancy Chan, but was hypnotized to do her crimes with her. He later appeared three more times due to Nyancy using the Omnitrix Remote Control. In **Rook Tales**, Rath failed to take off Young One's tail. In **It's a Mad, Mad, Mad Ben World: Part 2**, Rath and Lightning Bolt battled Mad Way

Big. In **The Secret of Dos Santos**, Rath defeated Exo-Skull. Because Skurd corrected an error with the Omnitrix, Rath was speaking Spanish and wearing clothes for the first time. In **Malgax Attacks**, Negative Rath briefly appeared before going Ultimate. In **A New Dawn**, Rath appeared for a short time when Ben was cycling through his aliens. In **And Then There Were None**, Mad Rath chased after No Watch Ben, only to be defeated by Fourmungousaur.

Weaknesses: Rath's brain is hardwired for aggression and as such, Rath's main weakness is his lack of intelligence and highly aggressive temperament. This causes Rath to become easily distracted and difficult to stop once he starts fighting. He is also not quite adept for diplomatic approaches, particularly negotiations, and can make bad or difficult situations worse. Opponents can defeat him if they exploit his lack of intelligence and single-minded aggression. Rath's apparent lack of intelligence also often convinces him to needlessly argue with inanimate objects. Rath is scared of water. Being a feline-based alien, Rath can be controlled by people that have the ability to control cats, like Nyancy Chan. He can also be easily distracted by a laser pointer. Rath has very sensitive hearing, which makes him vulnerable to loud piercing sounds, such as an Evolved Sonorosian's sonic discs and certain sonic frequency signals. Despite being resistant to heat, Rath can be harmed by fire. Rath can easily be scared by Toepick's species.

Powers and Abilities: Rath possesses enhanced strength and agility, enabling him to lift objects much heavier than himself and smash through his opponents with ease. Due to his incredible strength, Rath is also capable of generating shock waves. Rath's natural strength increases whenever he gets angry, which in turn gives him an advantage in combat by powering his way through many opponents and smash through tough defenses. Rath can perform fighting moves with expert execution, as seen when he used wrestling moves to defeat Manny and a Techadon Robot, battle Animo's mutant ants, and overwhelm Poltloon. Rath possesses a large, retractable black claw on each wrist, which are sharp enough to cut through the bottom of a plumber ship, as well as Empress Attea's Incursean Blaster and a box. Rath also has a very strong bite force, as he was able to easily shatter SevenSeven's blade with his sharp teeth. Rath is extremely durable, being able to take point-blank laser or energy blasts with no apparent effect, survive a free fall from several hundred feet in the air with only a bit of dizziness as a result, break through a concrete wall without showing any pain, and survive being crushed by Way Big's hand. Rath can jump very high, and is very acrobatic. Rath is very quick and agile, especially when running on all fours. Rath can also run on walls. Rath also has enhanced hearing. Rath has some degree of space survivability. Rath has some degree of heat resistance. Rath is also resistant to acid. Rath can release a loud, powerful roar.

Personality: Rath is one of the only aliens who has a noticeable effect on Ben's personality, influencing it into one resembling that of a comic book vigilante and a flashy professional wrestler. Rath almost always speaks in third person and a loud voice. Sometimes, when he becomes extremely angry, he mixes up metaphors. He is aware that they do not make sense, admitting this to Manny before they fought, but still continues to use them anyway. Rath's muscle-over-brains mindset makes him needlessly argue with everyone around him. He even shouts at inanimate objects, arguments of which were ridiculous and that occasionally lead him to harm both himself and others. Rath's confrontational attitude often gets him and his teammates into trouble. When Rath addresses someone or something, he usually yells a sentence starting with, "Let me tell ya something" followed by the full name of the person, or their position. Rath is very fearless to the point of recklessness. Rath also does not make empty threats. Rath has a lot of pride in his capabilities and himself, expressing bluntness or anger instead of gratitude when Gwen and Rook saved him on several occasions. Similarly, he denied needing enhancements from Skurd against Exo-Skull. Over time, Ben has gained slight control of himself as Rath. Despite the fact that Rath is supposed to know nothing but anger and fighting, he is shown to be friendly towards the Prince of Lewoda, though not at first. Rath gets mad whenever someone mistakes him for a "kitty". Rath lacked the strong sense of shame his kind have, as he was always naked but had no shame. However, upon being given clothing, he did state that he "was tired of walking around naked", meaning he actually was self-conscious but didn't show it. Rath sometimes yells out his special moves while fighting. Ever since Skurd fixed the error with the Omnitrix that caused Rath to go naked, Rath is capable of speaking in Spanish, though it should be noted that this is a feature

granted by the Omnitrix, and is not something that Rath naturally knows. Rath was also impressed and expressed deep gratitude to Skurd for fixing the glitch in the Omnitrix that was causing him to be naked. Azmuth and Gwen exhibit the personality traits of Ben's Rath but speak in their usual voices. They also have different speech patterns than Ben; Azmuth refers to himself as Azmuth instead of Rath, while Gwen addresses people using their full proper names instead of their nicknames and middle initials. Unlike Ben, Albedo has better control over his temper as Negative Rath because of his superior intellect. Mad Rath is the same as Ben Prime's Rath but would start his catchphrase with "Oi!". Nega Rath would retain Nega Ben's dour personality and would not say his usual catchphrase, instead saying "I don't wanna tell you anything". Benzarro's Rath would be as backwards as Benzarro, and his catchphrase is "Let me no tell you things!".
